

NEUROSURGERY CARE

Penn Highlands Neurosurgery

Thank you for choosing Penn Highlands Neurosurgery and Penn Highlands DuBois for your care.

You may not have been to Penn Highlands DuBois before, but we are a well-established hospital with over 100 years of serving the DuBois area of Clearfield County and nearby Jefferson County.

We grew from two separate hospitals - DuBois Hospital and Maple Avenue Hospital in the early 1900s - into DuBois Regional Medical Center in 1985. Now, we are Penn Highlands DuBois with East and West campuses. Over the years, we have received numerous awards and accreditations for our excellent care.

Your surgery will be at our Penn Highlands DuBois West Campus located at 100 Hospital Avenue, DuBois. Your pre-surgery appointment may be scheduled for PH DuBois, and that is located at 145 Hospital Avenue, DuBois, in the Medical Arts Building across from PH DuBois and across from the former school located along the same road.

Parking is free. You may park in any lot that is convenient for you, including areas marked for employees or physicians.

SURGERY

When you arrive at Penn Highlands DuBois, use the Emergency Department entrance and take the elevators to the fourth floor and look for the Short Stay waiting room. (Both sets of hospital elevators can take you to the fourth floor, but these are closer to the waiting room.) Within the waiting room is the registration office. Take a number for your turn to meet with our registration staff

After registration, you will be taken to the Short Stay and settled into a room. Your family members or friends may accompany you to the room and stay there until you leave for your procedure.

During your procedure, family and friends may wait in the waiting room. During registration, you will receive a number to give to a family member. This number will be used to track your progress throughout the surgical process that they can follow on large monitors in the waiting room.

After the procedure is finished, the doctor will call or find your family in the waiting room. Please have them tell the volunteer at the desk for whom they are waiting.
